**Kim M. Traverro**

Head of ZionLab IT Consultancy  
ZionLab IT Consultancy  
Guiwanon, Baclayon, Bohol

Dear Ms.Traverro,

I'm writing to request an interview for the role of Web developer. Despite my lack of professional experience, I am eager to use my skills in CSS and HTML that I have learned as a recent BS in Information Technology graduate. I had the chance to learn WordPress during my internship, and I'm excited to put my knowledge and enthusiasm to work for your team.

With a strong focus on effective time management and a proactive approach, I continuously seek opportunities to improve my abilities and expand my knowledge to deliver high-quality work. My degree in BS Information Technology has provided me with a solid foundation, and I am excited to apply my knowledge and enthusiasm as part of your talented team at ZionLab IT Consultancy.

Thank you for considering my application. I have attached my resume for your review, which provides further details on my qualifications. I would appreciate the opportunity to discuss how I can contribute to ZionLab IT Consultancy. Please feel free to contact me at your convenience to schedule an interview. Thank you for your time and consideration.

Sincerely,

Rhea B. Jagunos
